

SEPTEMBER 21

“LIVE LIFE FULLY, AND LIVE IT FOR THE GLORY OF GOD.”

READ

1 John 2:15-17

I believe we need to confess to God that we are still too attached to this world and the things in it. I believe we need to confess to God that we do not live on high alert. We do from time to time, especially when we hear a stirring message, or spend time in earnest prayer. But then we revert to the status quo, where we think about the Lord, but our life is eaten up with this world. The Bible never tells us to become monks or to go live in a cave. It tells us to live life fully, but to always live it for the glory of God, with the brevity of time always on our minds. Every one of us should get up each day realizing this could be our day; this could be the day. Do everything for the glory of God.

PRAY

You know me so well. You know my tendency is to get complacent, comfortable and careless. That's why You sound the alarm that my redemption is nearer than when I first believed. Lord, wake me up today. Help me to live on high alert.

From Monday Night Prayer, March 29, 2021
