

MAY 5

“WHEN GOD SPEAKS, THINGS OUGHT TO HAPPEN.”

READ

Hosea 10:12, Matthew 6:33

It's time to seek the Lord! Start doing the things that you know you ought to do. Break up the fallow ground. No matter what else you think is of pressing importance, it is time to seek the Lord. Seek Him if you want blessings, if you need answers, if you're looking for peace, seek Him! Too often today, children see their parents more concerned about politics, race and culture than the spiritual health of the home they're living in. We are Christians and we belong to a different world. We are not about skin color or sexuality, or how we were brought up. We are here to live in the power of the Holy Spirit, and to lift high the blood-stained banner of Christ. We are about a different way, a better way, the only way: Jesus! We need to seek God, and fight for our families. It's time to seek the Lord and start sowing in righteousness.

PRAY

Lord, You are looking down from heaven to see if there are any who seek You. Let our churches and families seek You while You may be found. When we seek You, we find You.
