## “DO YOU KNOW WHERE YOU WOULD GO IF YOU DIED TODAY?”

### **READ**

*Matthew 7:13-14*

Everyone is marching toward eternity, but are you headed for the narrow gate, or the one that leads to destruction? If you're young, dying is the last thing on your mind. If you're in business, you're so interested in getting to the next level, you don't think about Jesus. Weary parents are so busy changing diapers or driving your kids to a million activities, you never have a moment to yourself. If you're ready to retire, all you want is to quit work and enjoy the fruit of your labor. We all live by the clock, the calendar, and the wrinkles on our bodies. When you die, you will exist somewhere for eternity: heaven or hell. The human mind cannot comprehend the pleasure of heaven with Jesus, or the awful torment of the lake of fire. We are all marching toward Judgment Day. The wages of sin is death, but Jesus died to give us the gift of eternal life.

### **PRAY**

The wide way is enticing, but it leads to death. Lord, You are the only way. In Your loving kindness bring the lost to You.
