

OCTOBER 28

“IF WE ARE TALKING OF THE GOODNESS OF THE LORD, HE SENDS MORE GOODNESS TO US.”

READ

Psalm 19:14

The Bible speaks strongly about the tongue. Jesus is the High Priest of our confession, meaning He takes what we say, gives it to the Father, and it's distributed back to us. If we're speaking of the goodness of the Lord, He sends more goodness to us. If we constantly berate people, or talk about how bad life is, we've created an environment that's not godly. When Joshua was about to take leadership of the children of Israel, God gave him a specific instruction: "This Book of the Law shall not depart out of your mouth." He is saying that if we meditate on it and talk about it, that wherever we go, we will be spiritually prosperous. If you're pessimistic and talk about death, that's where you're going to live. If you speak the Light, the Living Word of God, you can dispel darkness. As believers, we're supposed to encourage one another in the Lord. We're supposed to share Scriptures that are meaningful to us, because they might bless somebody else. The Word of the Lord is a path that leads to brightness. Those who believe it, think it and talk it are instruments of His love and grace.

PRAY

Jesus, do Your work in my heart so that I can be Your mouthpiece.
