

DECEMBER 14

“THE JESUS THAT LIVES IN YOU SHOULD BE DOING THE TALKING.”

READ

Luke 1:39-47

When Mary greeted Elizabeth, Jesus inside of Mary caused the baby inside of Elizabeth to leap for joy and hope. That is what our words are supposed to be doing in our life and others'. The Jesus that lives in you should be doing the talking. The power of Jesus residing in you should cause other people to have joy and hope. The Jesus inside of you should have such control that your very voice does a supernatural thing in the darkest of places. We mustn't act like the sons of disobedience, walking according to the courses of this world. We shouldn't have the same conversations and attitudes that the world has. We should have a heavenly attitude, speaking life and truth. When Mary spoke, Elizabeth's baby leapt for joy. It wasn't just Mary's voice the baby heard; it was the Spirit of Jesus inside of her. What are others hearing from you? Who have you edified? Who was feeling hopeless, but found hope because you walked up? What did you say that caused joy to leap inside of them? Let there be peace on earth, and let it begin with you!

PRAY

My soul magnifies the Lord! Thank You for coming to live in me. Use me today, to speak life, joy, hope, truth and peace to someone. May my speech be seasoned with salt and my words quickened by the Spirit.
